

The Liu Fang Memorial Scholarship

PRESS RELEASE

23 May 2024 – Camarillo, CA

The Board of Directors of The Liu Fang Memorial Scholarship Foundation are pleased to announce today that we have received a donation of \$5,000 to the Liu Fang Memorial Scholarship Foundation from the ESCO Technologies Foundation. The ESCO Technologies Foundation was established in 2005 and is dedicated to providing financial support to a core group of charities focused on helping children and families in the communities where ESCO Technologies has operations. The Foundation's goal is to make a meaningful contribution to each charity and respective community.

This is the second year that The Liu Fang Memorial Scholarship Foundation has received support from the ESCO Technologies Foundation, and is grateful for their support of our goal of supporting and encouraging women to enter the fields of Physics, Engineering or Mathematics.

The Liu Fang Memorial Scholarship Foundation is a 501 (c) (3) foundation, dedicated to providing scholarships to women attending a four-year university to major in Physics, Engineering or Mathematics. The foundation is in memory of Liu Fang, a 1988 graduate of Beida (Beijing University) with a Bachelor's degree in Physics, to honor her desire to learn, her curiosity about the world and her love of family.
